# PROGRAM ELIGIBILITY CRITERIA

Age: 23 – 30 years old

Bumiputera

Degree in Computer Science or IT related

CGPA 2.8 and above

Employed in the IT field for no more than 3 years

# PROGRAM BENEFITS & REQUIREMENTS

**Free Training:** Our comprehensive 22-days training program will equip graduates with the skills and knowledge to become a Certified Java Full-Stack Programmer. They will receive industry-leading instructions from experienced trainers

**Training Allowance:** An allowance will be given to participants who successfully complete the training.

**Dual Global Certifications:** Upon completion of the program, participants will receive dual certifications from Oracle and CCSD, which are highly recognized and valued in the industry.

# BENEFITS TO EMPLOYER

**Improved Employee Retention and Engagement:** Talented professionals are always in high demand. By investing in their professional growth through our Java Training Program, you demonstrate your commitment to their career advancement and personal development. This fosters a sense of loyalty and motivation among your workforce, leading to increased employee retention rates and higher levels of engagement. Moreover, offering an allowance after the program will reinforce your company's reputation as an employer of choice, attracting top talent in the market.

**Short-Term & Long-Term Cost-Benefit Analysis:** The allowance serves as an incentive to attract and retain talented professionals who have acquired in-demand skills through our Java Training Program..

Since the training program is fully funded, there is no need for employers to utilize their own funds or rely on HRDF Funds to upskill or reskill your employees. The program is completely covered.
